

# Serving With Smiles

BY BECKY GALLMAN, LOCAL RESIDENT

When Timberlake Country Club asked for volunteers to help with the Pro Lady Golf Tournament that they were hosting on October 3, 2022, to raise money for Breast Cancer, Chapin Women in Service members happily agreed to help this worthy cause. CWS members sponsored a hole where they distributed water and energy bars to the participating golfers. Members also volunteered to assist with registration, sell raffle tickets at the event, and serve breakfast items that Timberlake provided for the golfers. It was a brisk fall morning, but those who gathered to help start the tournament were all smiles and happy for this opportunity to serve.

CWS's willingness to serve in our community did not stop with the golf tournament. This group has also spread fall sunshine to residents of the Lowman Home. Members met and worked together to make fall arrangements that were delivered to the residents at Lowman Home, who might not have the opportunity to be outdoors to experience the beautiful fall season. This project provided smiles for the recipients and those who created and delivered the arrangements. Seeing a smile on

another person's face because of something you did... well, how could that not bring a smile to your face too?

Chapin Women in Service is an IRS and state-recognized charity. We operate by giving our time and raising money to support meaningful local projects.
